

COVID-19 UPDATES:

Open For Business

OPEN FOR APRIL 2020 AND ON

Gretna Medical Center and all of its services are open during this pandemic, 7 days a week. We are still offering a wide range of services such as a blood testing, checkups, prescription refills or physical examinations. Our ultrasound, X-ray, and EKG techs are still here for you.

KEEPING YOU SAFE WITH TELEHEALTH AND SCREENING

- All patients are screened by a phone call or a virtual portal with a doctor before they come in. Patients with COVID-19 symptoms are redirected to Westjeff or LCMC urgent care for testing. The testing centers want you to call them before coming in, 504.962.6202
- Gretna Medical Center does not have COVID-19 testing kits.
- Walk-on patients are also screened.

PREVENTING CLINICAL DISEASE TRANSMISSION

- We recommend all patients wear a face mask when entering the facility.
- The waiting room is now limited to 10 people.
- All of our employees wear a disposable mask and gloves.
- Our staff has been trained in hand hygiene.
- Rooms are sanitized after each patient leaves.
